Error

We're sorry, an error has occurred.

As a specialist in automotive electronics and software, in-tech develops innovative solutions for automotive, smart city and smart factory. And we are different: we are orange! What about you?

in-tech believes in and offers an outstanding work atmosphere, team spirit, and a fun place to work. We always give our best performance. That is why we look for colleagues who share this enthusiasm and want to proceed full speed ahead together with us.

Our team is working on various projects in automotive. We test future vehicle models for their functions. For this, we need support: We are looking for organizational talent to coordinate these tasks!

Do you enjoy coordination and organizing tasks and would like to combine them with

technology at the same time? Then you've come to the right place.

Your responsibilities

Supporting your team in Romania and Germany in various planning and controlling tasks regarding error diagnosis for the cars of the future.

Your main tasks are:

Planning, controlling, and coordinating project workflows

Organizing error reporting sessions with test teams and development departments

Coordinating troubleshooting and bug-fixing processes with development departments

Issuing regular status reports on new and remediated problems

What you bring along

You have a bachelor's degree in economics or engineering

German and English skills are mandatory

You are interested in automotive engineering and already have some experience in the automotive sector

You have good communication skills and have an open, positive, and confident behavior

You're a fast learner, detail-oriented, and enjoy teamwork

You have good knowledge of MS Office, and, ideally, have experience with a ticketing tool

And most of all : you are like us! Are you a team player, open and have a positive attitude towards challenges?

That is exactly what we are looking for!

Join us!

In our company, you will find nice colleagues, a friendly team and a professional work

environment. We currently work from home or in the office, based on personal and business needs.

Benefits : meal tickets, private medical services, extra vacation days for loyalty, budget for flexible benefits, flexible working hours (full time), access to learning programs.

We are looking forward to meeting you!
