**Lead Software Engineer**

**Apply Now**

Company: DOW JONES

Location: Romania

Category: computer-and-mathematical

**Description**

**About Us**

OPIS, a Dow Jones company, provides price transparency across the global fuel supply chain, including the Spot, Wholesale Rack and Retail markets. OPIS enables customers to buy and sell energy commodities with confidence via multi-platform access to accurate data, real-time news, powerful software and educational events. Our commitment to reliability is reinforced by personalized customer service and constant innovation. OPIS listens to what energy stakeholders need and responds with flexible and easy-to-use products. Navigating world fuel markets is complex – OPIS makes it simpler.

**Your Role**

Currently Dow Jones is looking to expand its Romanian software development team based in Bucharest. The job is open to remote and hybrid models. This is a unique opportunity to join a fast-growing team that will become an important part of global Dow Jones IT. This team will work closely with the Dow Jones IT HQ based in Gaithersburg, US. To fit this role, we are looking for that unique mix of solid technical capabilities, blended with strong interpersonal skills.

**You Will:**

Report to our Director of Software Engineering

Architect, develop and maintain web solutions in Drupal and PHP implementations in a LAMP environment, including data, display, and information architecture

Be part of an Agile team, leading the development team, using company's latest software development life-cycle, working closely with team members from across the world

Adhere to best practice development standards (such as continuous integration, deployment, iterative SDLC processes, etc.)

**You Have:**

Bachelor's Degree in computer science or related technical field

4+ years hands-on experience with Drupal custom module development, key contributed modules and core API development experience

Solid understanding of AJAX, HTML5, Javascript, and CSS3

Experience with database technologies such as MySQL/MariaDB, PostgreSQL, MongoDB, MS SQL

Familiarity with source control systems such as Git, etc.

Experience working with cloud platforms such as Acquia, etc

**Our Benefits:**

Comprehensive Healthcare Plans

Paid Time Off

Retirement Plans

Comprehensive Insurance Plans

Education Benefits

Family Care Benefits

Commuter Transit Program

Subscription Discounts

Employee Referral Program

All qualified applicants will receive consideration for employment without regard to race, color,

religion, sex, national origin, protected veteran status, or disability status.

**EEO/AA/M/F/Disabled/Vets**

Dow Jones is committed to providing reasonable accommodation for qualified individuals with disabilities, in our job application and/or interview process.
