

Mid Azure Consultant

Apply Now

Company: Reply Polska Sp. z o. o.

Location: Cluj-Napoca

Category: computer-and-mathematical

Responsibilities

As a **Mid Azure Consultant**, you will be responsible **delivering solution designs and architectures** for initiatives within the Azure Cloud.

Together with your team you are able to find **best solution** for the **customer's demands** and guide him into the right direction.

Development of concepts for the introduction **Azure Services**, especially in the context of change & adoption processes within the organization of our customers.

Implementation and/or project management of migration and rollout.

Your focus is **to consult the customer on Cloud transformations** and show up with your engineering skills.

You **provide guidance on engineering methodologies and best practices** to improve the customer's environment.

You can **prepare and support on customer workshops on a technical level**.

You are willing **continuously improve** your knowledge and skills.

Benefits

Motivizer Benefits Platform to choose and manage all your benefits in one place. You receive a budget (550 PLN monthly). You can choose **a medical care package, meal tickets, sports cards** (we have Multisport and on preferential terms, we have membership cards to one of the most popular Gyms), **cinema tickets, shop vouchers, discounts and many more.**

Language Courses – you'll have access to a multi-language learning platform enabling you to practice your language skills and learn new ones!

Regular and systematic further **training opportunities - both internally** and from **external providers.** We support your ongoing learning and development.

Cooperation within an **internal community** is our everyday reality. We have **networking events, coding challenges, and company parties** on different occasions.

Qualifications

You have a successfully completed degree in IT-related fields.

You have 3 years of experience in IT and projects, at least 2 of them with Cloud solutions and services.

Strong Interest in current cloud technological trends with Azure Infrastructure e.g. (Entra ID, Enterprise Landing Zone, Monitoring)

Advanced Knowledge in the realization of transition projects and related Microsoft technologies.

Ideally certifications in the field of Azure, ITIL.

As well as consulting skills, flexibility and very good communication skills with customer.

Experiences with Managed Service systems like Matrix42 or ServiceNow

AGILE is not a magic and you know how it works.

Good English or German skills round off your profile, as well as the willingness to travel occasionally.
