

Romania Jobs Expertini®

PHP Developer

[Apply Now](#)

Company: Talentor Romania

Location: Romania

Category: computer-and-mathematical

Our partner supports their clients in the definition, implementation, and monitoring of their conversion strategy and the creation of omnichannel digital ecosystems. Their expertise is recognized in the retail market (fashion, cosmetics, food and beverage) but also in tourism, industry, and charity.

If you are an open-minded person, innovative, and willing to adapt, evolve, and learn new things, we are welcoming you to join our team!

What do we do and what you'll do?

Create, adapt, test, maintain, document, and deploy custom websites online shops, and mobile apps for our clients.

How do we do it and how you'll do it?

We start with an idea or with a requirement. We discuss it (analysis), we debate it (analysis) and we choose the best approach considering multiple aspects, we start to code (create, adapt, maintain), we test our code, we fight with bugs (we always win), we document it, and the final stage – we deploy it to customer's Live environment.

Who are we looking for?

A senior full stack web developer

Problem solver,

good communicator,

Mature, responsible and independent,

Teachable and capable of teaching others,

Able to lead web development projects,

Responsible.

Technical requirements:

3+ years of experience with PHP, JavaScript (ES6+), MySQL,

Experience with Prestashop, and the challenges it presents,

Modern, readable and maintainable code; solid knowledge of OOP, SOLID principles,

Solid knowledge of integrating REST APIs.

Nice to have:

Knowledge of unit testing, Experience with Webpack, build processes, Experience with CI/CD (e.g. Github Actions), Working practice with building libraries (NPM packages), Experience with Shopify and GraphQL (Liquid themes and Shopify apps), Knowledge of performance optimizations (in-browser optimizations, server-side optimizations etc) and best practices, A good understanding CSS and front-end development, Wordpress, Shopify, Webflow.

Business and soft skills:

Strong analytical and problem-solving skills,

Proficiency in both written and verbal English communication,

Ability to translate business requirements into code,

Ability to identify the needs of product optimization and development,

Ability to work under pressure and working to tight deadlines,

Ability to handle full development life cycle, including requirement,

gathering/analysis, design, development, testing, implementation and

support,

Pragmatic outlook,

Strong written & verbal communication skills,

Team-player, open-minded with the ability to work in international setting.

Benefits

Because we value work-life balance, you will have a flexible program that can be defined together.

We know it is important for you to expand your knowledge and to keep up with market trends in your field, so we have a variety of trainings (internal and external) you can attend – we support the training costs for you.

Work from home

Salary: 0 - 0+ Euro
