

# Romania Jobs Expertini®

## Senior Salesforce Software Engineer

[Apply Now](#)

Company: SoftServe

Location: Romania

Category: computer-and-mathematical

### WE ARE

SoftServe is a leading technology solutions company specializing in software products, application development, and services. Our mission is to be a valuable partner for our clients (from start-ups to large enterprises) – we measure our success by our clients' success. We are a global team passionate about the development of advisory and consulting services.

Platforms CoE (Center of Excellence) is a team of highly professional specialists. Our primary focus is on Salesforce technology covering A to Z Salesforce Solutions implementations, Salesforce extension, and integration development.

Our team covers all the aspects of the project lifecycle: technical pre-sales support, solution design, implementation, development, and support. As a part of the top-experts team, you will get a chance to participate in world-class challenges, work with cutting-edge technologies, and get the latest certifications.

### IF YOU ARE

Possessing at least 3 years of working experience with Salesforce

Demonstrating experience with Salesforce Financial Services Cloud or in Insurance projects

Having experience of design and development in Apex, Visualforce, or Lightning

Familiar with Omnistudio

Skilled in web technologies, such as HTTP, JavaScript, etc.

Experienced in Web Services development and integration

Demonstrating excellent communication skills

Fluent in English to cover daily project needs

Having Salesforce certifications

Skilled in Java or JavaScript (would be an advantage)

### **AND YOU WANT TO**

Develop and implement new functionality, extensions, and customizations of Salesforce Platform and Products

Analyze and review business, functional, and technical requirements

Collaborate with other engineers, developers, and architects to understand the project's needs and deliver value to the customers

Participate in project team meetings and communicate effectively with other team members and clients

Mentor trainee and junior Salesforce software engineers

Do prototyping, Demo Preparation, Technology Research

### **TOGETHER WE WILL**

Offer you an individual career path for professional development and career growth

Access the knowledge base of the Software Engineering Institute

Work as a consultant on different projects with a flexible schedule

Build up Salesforce practice within the company

Grow your Salesforce skills by passing certifications

Get a chance to participate in world-class challenges

Work with cutting-edge technologies
