Do you take pride in solving tough problems with clean code? If you have an eye for quality, an eagerness to take initiative, and a curiosity about large scale, highly available systems, this is your opportunity to excel with a tech leader. Leverage your technical expertise to make an impact and create the future with us!

Oracle's technology is changing the way the world does business, and we're looking for a Software Engineer to develop groundbreaking products in contextual targeting and brand safety. We practice agile software development, using the latest languages, frameworks, and toolsets to build the software and services that advance our industry.

What you will do

Develop innovative solutions to our customers' problems. You'll build and debug novel software, make changes to existing software, and act as a senior member of a small, autonomous team.

Collaborate with team members to produce high-quality software

Review team members' work and offer constructive feedback

Support and mentor junior team members

Take an active role in team planning, review, and retrospective events

Work with team members to define systems architecture and approach

Provide occasional on-call support

We also use...

Object-oriented languages such as Go, C++, Python, PHP

RESTful APIs and web services

Containerized applications and orchestration

Linux and scripting

What we will offer you

A competitive salary with exciting benefits

Flexible and remote working so you can do your best work

Learning and development opportunities to advance your career

An Employee Assistance Program to support your mental health

Employee resource groups that champion our diverse communities

Core benefits such as medical, life insurance

An inclusive culture that celebrates what makes you unique

At Oracle, we don't just respect differences—we celebrate them. We believe that innovation starts with inclusion and to create the future we need people with diverse backgrounds, perspectives, and abilities. That's why we're committed to creating a workplace where all kinds of people can do their best work. It's when everyone's voice is heard and valued that we're inspired to go beyond what's been done before.
